INDUSTRIAL UPS SYSTEMS

Reliable and Green Energy UPS Systems

We offer a wide range of 5 axis CNC compact gantry milling machines from Fooke, Germany. These machines are equipped with **ULTRA MODERN LINEAR MOTOR TECHNOLOGY** to achieve perfect and precision machining and reduced maintenance costs. Fooke, Germany offers machines for

- Aviation and Aerospace Industry where in achieving extremely close tolerances and machining a multi- Farious mix of modern material compositions are biggest challenges
- Prototyping and Modelling , Tool and Die Manufacturing where in excellent craftsmanship is the key through high degree of surface quality and accuracy
- Milling systems for machining Railway Products

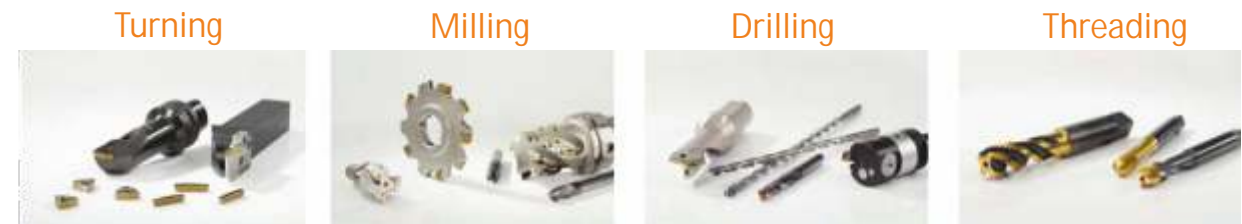

PRODUCT RANGE:

- Gantry Milling Machine ENDURA® 600LINEAR
- Compact Milling Machine ENDURA® 700LINEAR
- Plate Milling Machine ENDURA® 800
- Gantry Milling Machine ENDURA® 900LINEAR
- Travelling Column ENDURA® 1000LINEAR
- Lateral Milling Machine ENDURA® 1100LINEAR

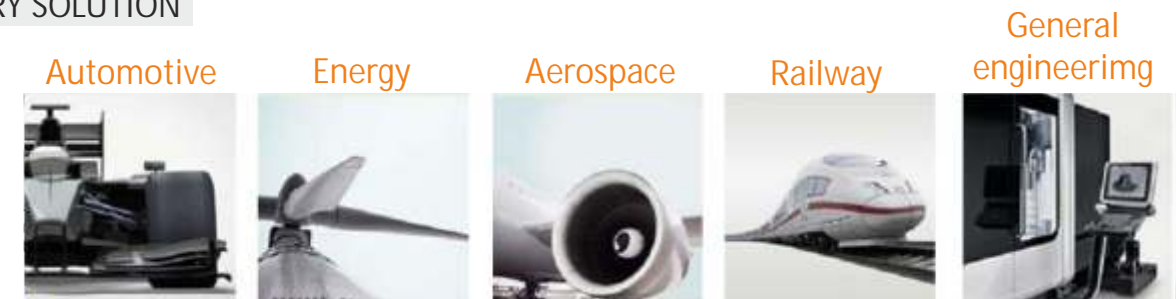

We offer complete range of cutting tools from Walter, Germany for Turning, Milling, Threading and Holemaking.
